To Whom It May Concern:

Across the Niagara Region hundreds of people suffering with mental illness are in need of safe, permanent, affordable housing. Everyone has the right to a standard of living adequate for their health and well-being including; food, clothing, housing, medical care and necessary social services.

For the past 25 years, Gateway Residential and Community Support Services of Niagara Inc. (Gateway) has been providing safe and affordable housing, as well as, support services to people affected with mental illness. We are a registered charitable, not for profit, social service agency rooted in a desire of serving some of our communities most vulnerable and disadvantaged citizens.

Recognizing the need for additional housing in the Niagara Region, Gateway applied for and received funding from the Federal, Provincial and Regional governments to build new housing in Port Colborne.

In December of 2011 the newly built **Repei Place**, in Port Colborne, opened its doors and tenants began to move into the building. This 23-unit housing development will provide its tenants with safe, permanent, affordable housing and the ongoing support services required to live independently.

Through the generosity of the Home Depot Foundation funding was received to purchase all appliances which have firmly placed us on the path to realizing our purpose. However, more funds are required for a successful completion.

That is why a team of volunteers including our board of directors are hosting a **Trivia Night** at Feastivities Centre in Welland on Friday, March 9th 2012.

Our goal is to sell over 200 tickets to family and friends with all funds going directly to Repei Place.
