

CITY OF WELLAND

POLICY

Policy Title: Sewer Lateral Replacement/Installation Involving a Commonly Shared Lateral	
Date of Approval: February 21, 1995	Policy Number: SER-014-0003
Lead Role: City Engineer	Support Role:
Cross Reference: Report ENG-95-15	Next Review Date:
Council File Number: 95-60	Revision Date:

Policy Statement:

- 1) When the City portion of a sewer lateral is replaced at a location where a dwelling is connected by a shared common lateral with another dwelling, the City will provide for the installation of another lateral adjacent to the existing replacement lateral within the same excavation.
- 2) In addition, regardless of whether the City portion of a lateral requires replacing, the City shall provide a branch lateral to the property line to dwellings that do not have a separate lateral and are encountering blockages on private property.
