THAT Welland City Council grants Red-Line Approval to the Plan of Subdivision (File No. 26T-14-20001) developed by Baiocco Developments Corp. more specifically described as Part Township Lot 257, former Township of Thorold being Part 1 and 2 on Plan 59R-12430, now in the City of Welland, based upon a plan prepared by Upper Canada Consultants dated March 16, 2016 consisting of five (5) single-detached residential lots, subject to entering into a Subdivision Agreement with the City of Welland to be registered on Title, subject to the following new and amended conditions, in addition to the existing conditions (as outlined in Report PDS-2003-30), and that Conditions s, t, u, v, w, x, ff, hh and jj be replaced with the following conditions numbered 1-6 below:

1. That the Developer submit to the Niagara Peninsula Conservation Authority for review and approval, detailed grading, storm servicing, stormwater management, and construction sediment control plans.
2. That the Developer submit a Tree Saving Plan to the Niagara Peninsula Conservation Authority for review and approval as required under Policy 7.B.1.19 of the Regional Official Plan. The Tree Saving Plan shall be prepared in accordance with Section 1.36 of the Region of Niagara Tree and Forest Conservation By-law (By-law 30-2008).
3. That the Developer submit a Planting Plan to the Niagara Peninsula Conservation Authority for review and approval as required by the Environmental Impact Study prepared by Beacon Environmental and dated June 2015 as required to demonstrate conformity with Policy 7.B.1.11 of the Regional Official Plan. The Planting Plan shall include planting densities and a monitoring plan with success criteria to be completed by the Developer.
4. That the Developer provide 1.5 metre high chain link fencing along the outer boundaries of Block 10; the outer boundary between Block 6 and Lot 5; and the outer boundary between Block 6 and Lot 4.
5. That sediment control and limit of work fencing be shown on the Grading Plan along the outer boundaries of Block 10; the boundary between Block 6 and Lot 5; and the boundary between Block 6 and Lot 4, and that no grading occur beyond this point. Limit of work fencing must be maintained during the development process and all silt fencing shall be removed once work is completed and all exposed soils are re-vegetated or otherwise stabilized.
6. That the Subdivision Agreement between the Developer and the City of Welland contain a clause wherein the Developer agrees that no site alteration (including grading) is to take place within the 15 metre buffer from the Provincially Significant Wetland.
7. That Conditions 1 to 6 above be incorporated into the Subdivision Agreement between the Developer and the City of Welland, to the satisfaction of the Niagara Peninsula Conservation Authority. The City of Welland shall circulate the draft Subdivision Agreement to the Niagara Peninsula Conservation Authority for its review and approval.
8. Should archaeological resources be discovered during construction, the Owner shall agree to immediately cease construction and undertake an archaeological assessment by a licensed archaeologist and adverse impacts to any significant archaeological resources found on the site shall be mitigated through preservation or resource removal and documentation. No further demolition, grading or other soil disturbances shall take place on the subject property prior to the issuance of a letter from the Ministry of Tourism, Culture and Sport through the Niagara Region Planning and Development Services Department, confirming that all archaeological resource concerns have met licensing and resource conservation requirements. NOTE: A copy of the archaeological assessment report is to be submitted to the Niagara Region Planning and Development Services Department.
9. Should deeply buried archaeological remains/resources be found on the property during construction activities, the Heritage Operations Unit of the Ontario Ministry of Tourism, Culture and Sport in London (519-675-7742) and [Owner's Archaeology Consultant] shall be notified immediately. In the event that human remains are encountered during construction, the Owner should immediately notify the police or coroner, the Registrar of Cemeteries of the Ministry of Small Business and Consumer Services in Toronto (416-326-8392), the Ministry of Tourism, Culture and Sport and Mayer Heritage Consultants.
10. That the Owner acknowledge promptly to the Regional Planning and Development Services Department that the draft Approval of this Subdivision does not include a commitment of servicing allocation by the Regional Municipality of Niagara. Servicing allocation will be assigned instead at the time of Final Approval of this Subdivision for registration purposes.

...continued...

01-42...cont'd

11. That immediately following Notice of Draft Plan Approval the Owner shall provide the Regional Planning and Development Services Department with a written undertaking that all Offer and Agreements of Purchase and Sale that may be negotiated prior to registration of the Subdivision shall contain a Clause clearly indicating that a servicing allocation for the Subdivision will not be assigned until the Plan is granted Final Approval for registration
12. That the detailed design drawings for the watermain system, the sanitary sewer system and the stormwater drainage system required servicing this proposal may be submitted to the Regional Planning and Development Services Department for its review and approval. NOTE: For all three systems, it may be necessary to include the required downstream servicing improvements as part of the submission. In addition, the stormwater drainage system should be sized to accommodate a possible future storm sewer on Webber Road.
13. The prior to the Approval of the Final Plan, the Owner submit the Niagara Peninsula Conservation Authority and the Regional Planning and Development Services Department for review and approval a detailed stormwater management plan for the subdivision completed in accordance with the Ministry of the Environment and Climate Change documents entitled Stormwater Manager Practices, Planning and Design Manual June 1994, and Stormwater Quality Guidelines for New Development May 1991, endorsed by a suitably qualified Professional Engineer. Furthermore, the Owner agree in the Subdivision Agreement to implement the approved stormwater management plan.
14. That the Block 6 be dedicated to the City of Welland free and clear of any mortgages or encumbrances; and further

THAT Welland City Council grants Draft Plan Approval to the Condominium – Vacant Land Condominium (File No. 26CD-14-16002) developed by Baiocco Developments Corp., more specifically described as Part Township Lot 257, former Township of Thorold, being Part 1 and 2 on Plan 59R-12430, now in the City of Welland, based upon a plan prepared by Upper Canada Consultants dated March 24, 2016 consisting of seventeen (17) townhouse dwelling units subject to entering into a Site Plan Agreement with the City of Welland to be registered on Title; subject to the following conditions:

1. That the Owner enters into a Condominium Agreement with the City of Welland that is registered on Title.
2. That an Application for Site Plan Control be submitted to the City of Welland for approval, and that the Owner enter into a Site Plan Agreement with the City of Welland that is registered on Title.
3. That all development must conform to the Welland Municipal Standards, as amended.
4. That no grading or construction work shall commence on the site until such time as the Condominium Agreement and the Site Plan Agreement have been finalized and entered into, and all financial securities are in place and the Plan and all documentation have been registered on Title.
5. That Blocks 7, 8 and 9 be dedicated to the City of Welland free and clear of any mortgages or encumbrances.
6. That the Owner agrees to pay Cash-in-Lieu of Parkland Dedication, in accordance with current City Policy.
7. That the Owner shall provide a Subsurface Geotechnical Investigation Study prepared by a qualified Geotechnical Engineer, to the City which must make recommendations on the use of the site for the construction of dwellings/buildings, as well as be completed to geodetic elevations.
8. That all private roadways less than 8 metres in width be designated as "Fire Routes".
9. That the Owner ensure that all streets and development blocks can provide an access in accordance with the Regional Municipality of Niagara policy C3.C17, *Collection of Material By Way of Entry on Private Property*, and by-laws relating to the curbside collection of waste throughout all phases of development. In order to accommodate Regional Waste Collection service, waste collection pads are required to be provided by the developer for Units 5, 10 and 11. The waste collection pads shall be in accordance with Appendix 3 in the Regional Niagara Policy C3.C17 *Collection of Waste by Way of Entry of Private Property*.
10. That the Owner is required to modify the plan to show the three collection pads for Units 5, 10 and 11 to conform with Niagara Region Waste Collection Policy and the Owner shall enter into an Indemnity Agreement with Niagara Region for service. Should the Owner fail to conform with this policy, the Owner shall provide a written undertaking to the Niagara Region Planning and Development Services Department acknowledging that because the site design does not meet Regional Waste Policy, garbage/recycling pick-up for the development will not be provided by the Region. A similar clause shall be inserted in the Site Plan Agreement between the Owner and the

municipality. In addition, the following warning clause shall be included in the Condominium Agreement and inserted in all Agreements of Purchase and Sale or Lease for each dwelling to survive closing:

"Purchasers/Tenants are advised that due to the site layout, garbage/recycling pick-up for the development will be provided by the condominium corporation through a private contractor and not the Region."

11. That the following clause(s) be included in the Condominium Agreement and/or Site Plan Agreement:
 - i. *Should archaeological resources be discovered during construction, the Owner shall agree to immediately cease construction and undertake an archaeological assessment by a licensed archaeologist and adverse impacts to any significant archaeological resources found on the site shall be mitigated through preservation or resource removal and documentation. No further demolition, grading or other soil disturbances shall take place on the subject property prior to the issuance of a letter from the Ministry of Tourism, Culture and Sport through the Niagara Region Planning and Development Services Department, confirming that all archaeological resource concerns have met licensing and resource conservation requirements. NOTE: A copy of the archaeological assessment report is to be submitted to the Niagara Region Planning and Development Services Department.*
 - ii. *Should deeply buried archaeological remains/resources be found on the property during construction activities, the Heritage Operations Unit of the Ontario Ministry of Tourism, Culture and Sport in London (519-675-7742) and [Owner's Archaeology Consultant] shall be notified immediately. In the event that human remains are encountered during construction, the Owner should immediately notify the police or coroner, the Registrar of Cemeteries of the Ministry of Small Business and Consumer Services in Toronto (416-326-8392), the Ministry of Tourism, Culture and Sport and Mayer Heritage Consultants.*
12. That the Owner submit an updated Environmental Impact Study to the City of Welland, Niagara Peninsula Conservation Authority, and the Niagara Region Planning and Development Services Department for review and approval.
13. That the vegetated buffers, as approved by the City in consultation with the NPCA and Niagara Region be zoned as Environmental Protection (EP) Zone in the City's Zoning By-law.
14. That the Developer submit to the Niagara Peninsula Conservation Authority for review and approval, detailed grading, storm servicing, stormwater management, and construction sediment control plans.
15. That the Developer submit a Tree Saving Plan to the Niagara Peninsula Conservation Authority for review and approval as required under Policy 7.B.1.19 of the Regional Official Plan. The Tree Saving Plan shall be prepared in accordance with Section 1.36 of the Region of Niagara Tree and Forest Conservation By-law (By-law 30-2008).
16. That the Developer submit a Planting Plan to the Niagara Peninsula Conservation Authority for review and approval as required by the Environmental Impact Study prepared by Beacon Environmental and dated June 2015 as required to demonstrate conformity with Policy 7.B.1.11 of the Regional Official Plan. The Planting Plan shall include planting densities and a monitoring plan with success criteria to be completed by the Developer.
17. That the Developer provide 1.5 metre high chain link fencing along the outer boundaries of Block 10.
18. That sediment control and limit of work fencing be shown on the Grading Plan along the outer boundaries of Block 10, and that no grading occur beyond this point. Limit of work fencing must be maintained during the development process and all silt fencing shall be removed once work is completed and all exposed soils are re-vegetated or otherwise stabilized.
19. That the Condominium Agreement and/or Site Plan Agreement between the Developer and the City of Welland contain a clause wherein the Developer agrees that no site alteration (including grading) is to take place within the 15 metre buffer from the Provincially Significant Wetland.
20. That Condition 14 to 19 above be incorporated into the Condominium Agreement and/or the Site Plan Agreement between the Developer and the City of Welland, to the satisfaction of the Niagara Peninsula Conservation Authority. The City of Welland shall circulate the draft Subdivision Agreement to the Niagara Peninsula Conservation Authority for its review and approval.

01-42...cont'd.

- 21. The Owner covenants and agrees to provide the City of Welland with evidence that satisfactory arrangements, financial and otherwise, have been made with Canada Post Corporation for the installation of Community Mail Boxes (CMB's) as required by Canada Post Corporation and as shown on the approved engineering design drawings/draft plan, at the time of sidewalk and/or curb installation. The Owner further covenants and agrees to provide notice to prospective purchasers of the locations of CMB's and that home/business mail delivery will be provided via CMB, provided the Developer has paid for the activation and equipment installation of the CMB's.
- 22. That the Owner shall indicate in the Agreement, in words satisfactory to Bell Canada, that it will grant to Bell Canada any easements that may be required, which may include a blanket easement, for communication/telecommunication infrastructure. In the event of any conflict with existing Bell Canada facilities or easements, the Owner shall be responsible for the relocation of such facilities or easements.
- 23. That prior to the granting of Approval for the Final Plan, the City of Welland will require written notice from the following upon their respective Conditions having been met satisfactorily:
 Regional Niagara for Conditions: 8, 9, 10;
 Niagara Peninsula Conservation Authority for Conditions: 11, 12, 13, 14, 15, 16, 17, 18, 19;
 Canada Post for Condition: 20; and
 Bell Canada Condition: 21
- 24. That if Final Approval is not given to this Plan within three (3) years of the approval date and no extensions have been given, Draft Approval shall lapse. If the Owner wishes to request an extension to Draft Approval, a written request with reasons why the extension is required, must be received by the City prior to the lapsing date; and further
 THAT Welland City Council authorizes the Mayor to sign the Draft Approval and Final Approval Plans for the Sparrow Meadows Estates Subdivision once all Conditions have been satisfied.
