MEMORANDUM

TO: Mayor, Council and Residents

FROM: Tara Stephens, Director of Legislative Services/City Clerk

DATE: June 12, 2026

SUBJECT: Updated Process for Identification of Speakers at Statutory Public Meetings - Effective June 12, 2026

The purpose of this memorandum is to advise Council and residents of an updated process for the identification of speakers at statutory public meetings held under the *Planning Act*. This improvement is being implemented to encourage participation in local governance discussions while balancing the privacy of residents.

Background

The City is committed to fostering open, accessible, and inclusive public engagement. Participation in statutory public meetings is an important way for residents to contribute to local decision-making.

Historically, individuals addressing Council at Planning Act public meetings have been requested to verbally state both their full name and residential address. This practice has raised increasing concern from residents, particularly in the context of meetings that are livestreamed and archived online, where personal information becomes part of the public record.

The Clerk's Office has reviewed this matter in consultation with Legal Services to ensure that the city's practices remain compliant with legislative requirements while also responding to resident concerns and reducing barriers to participation.

Updated Process

Effective June 12, 2026, the following process will be implemented:

- Individuals speaking at a public meeting will be required to state their full name only when addressing Council;

- Individuals who wish to:
 - receive future notice regarding an application,
 - be recognized as an interested or affected party, and/or
 - preserve their ability to participate in any potential Ontario Land Tribunal (OLT) appeal process,
will be required to provide their address and/or contact information directly to the Clerk's Office;
- Contact information will be submitted separately (e.g., via email to the Clerk's Office) and will not be read aloud or form part of the public meeting record.

Privacy Considerations

This revised approach supports increased participation by reducing the amount of personal information disclosed during public meetings, while ensuring that required information continues to be collected for statutory and administrative purposes.

Individuals will be clearly advised that:

- Personal information is collected under applicable legislation, including the *Planning Act* and *Municipal Act*;
- Contact information provided to the Clerk's Office will be used for notice, record-keeping, and potential appeal processes; and
- This information will not be shared publicly or included in meeting minutes.

Implementation Measures

To support the updated process, the following measures will be implemented:

- Business cards will be made available at the Security Desk, providing instructions on how to submit contact information to the Clerk's Office;
- Signage will be installed to direct residents to this process;
- The Chair's opening remarks will include clear instructions to speakers regarding required identification and how to submit contact information; and

Conclusion

This revised process maintains compliance with statutory requirements while improving the protection of personal privacy. It is intended to encourage broader participation in local governance discussions by reducing barriers for residents, while ensuring that

those wishing to receive notice or participate in future proceedings continue to have a clear and accessible means of doing so.

MEMORANDUM

TO: Council

FROM: Erin Amirault, MBA
Manager of Revenue and Customer Service

DATE: June 12, 2026

SUBJECT: 2026 Tax/Water Flyers and Virtual City Hall Update

This memo is to notify Council that the final 2026 property tax bills were mailed/mailed to property owners last week. Included with the property tax bills is a copy of the 2026 tax information flyer. It is also available on the City's [website](#) and will be featured in a series of social media posts throughout June and August, to align with instalment due dates.

The flyer contains helpful information including options for paying on time, how a property is assessed, and a breakdown of the City, Regional, and Education portions of the bill.

We are also pleased to share that the flyer includes a QR code to connect property owners to Virtual City Hall (VCH). This begins the launch of a new online portal that provides residents with self-serve options for their tax and water accounts. Property owners will be able to check their account balance, view billing and payment history, and access their accounts from their computer or mobile device. For the first time, property owners will also have access to pay tax or water accounts by Visa or MasterCard online.

This soft launch is meant to encourage residents to enroll in e-billing to ensure they receive the full benefits of VCH when it officially goes live. We are currently in the final testing phase for the platform with City staff who are Welland residents completing enrolment and providing user experience feedback.

Should a member of Council wish to enroll in VCH prior to the public launch, please contact virtualfinance@welland.ca. A formal media release and public communication campaign on VCH will be forthcoming when it becomes broadly available to property owners in July.

Council should also be aware that the 2026 water information flyer is now available on the [website](#). Similar to the tax flyer, the water flyer contains a breakdown of City and Regional portions of the costs, as well as frequently asked questions and a QR code for VCH. The water flyer will be included with water bills throughout the summer months.

MEMORANDUM

TO: Mayor and Council

FROM: Stephanie Bellissimo, Records and Information Management Coordinator, Legislative Services

DATE: May 1, 2026

SUBJECT: Follow-Up – Councillor Records, Retention Schedule, and Distinction Between Corporate and Constituency Records

Following the recent General Committee meeting, I would like to provide a more fulsome response to a question received regarding councillor records, specifically with respect to which records are governed by the City's Records Retention By-law/Schedule and additionally want to highlight the distinction between corporate and constituency records.

Councillor Records and the Retention Schedule

The City's Records Classification and Retention Schedule (RCRS) applies to corporate records, meaning records that are created, received, or maintained in the course of conducting official municipal business. Where members of Council act in their capacity as elected officials participating in decision-making, governance, or administrative functions of the municipality, the records created in that context are considered corporate records.

Examples of corporate records may include:

- Correspondence related to Council or Committee decisions
- Records used to support municipal programs, services, or policies
- Agendas, reports, and briefing materials
- Communications involving City staff related to official business

These records are subject to the City's records management framework, including retention, disposition, and access requirements under applicable legislation such as the *Municipal Freedom of Information and Protection of Privacy Act (MFIPPA)*.

Constituency Records

Councillors also create and receive records in their role as elected representatives serving their constituents. These are commonly referred to as constituency records. Constituency records typically:

- Relate to inquiries, concerns, or advocacy on behalf of residents
- Reflect interactions that are political or personal in nature
- Are not directly tied to formal decision-making or administrative functions of the municipality

In many cases, constituency records are considered to be under the custody or control of the individual Councillor rather than the municipality. However, this determination is context-specific and depends on how the records are created and used. Constituency records may be considered corporate records where they support municipal decision-making or are shared with City staff as part of administrative functions.

Key Distinction

The key distinction lies in the function and purpose of the record, rather than its format or location. It is important to note that there may be situations where records have a mixed purpose or where the distinction is not immediately clear. In such cases, an assessment based on content, context, and use is required.

Conclusion

Understanding the distinction between corporate and constituency records is critical to ensuring compliance with legislative requirements, maintaining transparency, and supporting effective records management practices. Should Members of Council have questions about specific records or require guidance on classification, retention, or disposition, I would be pleased to provide further assistance.

Dear The Honourable Greg McGregor and The Honourable Rob Flack,

RE: Council motion passed May 26, 2026

Please be advised that on May 26, 2026, during a City Council meeting, Guelph City Council passed the following resolution in regard to the Request to Extend the Deadline for Notices of Intention to Designate Listed Heritage Properties.

Moved By: Councillor Caron

Seconded By: Councillor Klassen

1. The Council of the City of Guelph respectfully requests that the Province of Ontario amend the Ontario Heritage Act to extend the January 1, 2027 deadline for issuing Notices of Intent to Designate for properties listed on municipal heritage registers; and
2. The Province consider extending the deadline to January 1, 2030, or another reasonable timeframe that would provide municipalities with adequate time to complete heritage evaluations and make informed designation decisions; and
3. This resolution be circulated to the Minister of Citizenship and Multiculturalism, the Minister of Municipal Affairs and Housing, the local Member of Provincial Parliament, the Association of Municipalities of Ontario, the Ontario Municipal Heritage Committee Association, and all Ontario municipalities for their information and consideration.

Dear Hon. Doug Ford,

Re: Township of Stone Mills opposition to the changes to Ontario's Freedom of Information and Protection of Privacy Act

Please be advised that during the regular Council meeting of April 13, 2026, Township of Stone Mills Council passed the following motion,

Resolution 30-706-2026

Whereas the government of Ontario is proposing changes to the Freedom of Information and Protection of Privacy Act (FIPPA) that would exclude records of the premier, cabinet ministers and their staff from public access requests;

AND Whereas these changes would apply retroactively and may limit access to records related to matters of public interest;

AND Whereas the Information and Privacy Commissioner for Ontario has warned that these changes would reduce transparency and accountability, Freedom of Information laws are an essential to the public trust and democratic accountability;

Therefore Be It Resolved That Stone Mills Township oppose the proposed changes to FIPPA;

1. Call on the Province to ensure records related to government business remain accessible to the public;
2. Urge the Province to consult with the Information and Privacy Commissioner of Ontario and the public before proceeding;
3. Direct that this motion be circulated to the Premier Doug Ford, appropriate minister, all MPP's and Ontario municipalities.

Whereas public libraries play a vital role in ensuring equitable access to information, literacy, education, and culture for all residents;

And whereas interlibrary loan services are an essential component of public library operations, particularly for small and rural communities with limited local collections;

And whereas reduced postal rates for library materials have historically enabled libraries to share resources efficiently and affordably across Canada;

And whereas recent amendments to the Canada Post Corporation Act have removed the legislative requirement to provide reduced postal rates for library materials, creating uncertainty for the continued delivery of this essential service;

Now therefore be it resolved that the Council of the Corporation of the Township of Perry calls upon the Government of Canada to maintain and protect reduced-rate postal distribution for library materials through legislation;

And that Council requests that the Minister responsible for Canada Post ensure continued, affordable postal access for libraries and interlibrary loan services;

Resolution # RC26116	Meeting Order: 5
Moved by: 	Seconded by: 

WHEREAS while these changes have improved opportunities for inclusion and independence, the current system of supports is often delivered across multiple programs and providers and may not fully address the long-term need for integrated living environments that combine housing, supports, and meaningful daily participation; and

WHEREAS there is an increasing need for innovative, sustainable, and inclusive models of care that support independence, dignity, and community integration for adults with developmental disabilities; and

WHEREAS opportunities may exist to explore models that provide safe and supportive living environments for adults with developmental disabilities while also offering structured, voluntary, and supported participation in day-to-day activities that foster a sense of purpose, skill development, and social connection; and

WHEREAS such models, if thoughtfully designed, could complement existing care environments and contribute positively to the overall well-being of both participants and residents; and

WHEREAS the Regional Municipality of York is responsible for a range of human services including housing, community services, and the operation of long-term care homes, and is therefore well-positioned to explore integrated and interdisciplinary approaches to care;

NOW THEREFORE BE IT RESOLVED THAT the Council of The Corporation of the Municipality of Wawa supports the resolution passed by the City of Richmond Hill requesting that the Regional Municipality of York consider exploring innovative models of housing and support for adults with developmental disabilities, including the potential for an "Integrated Living and Participation Model"; and

WHEREAS municipal fire services in Ontario operate under legislative authority established by the Province through statutes, regulations, codes, and prescribed standards governing training, equipment, certification, inspection, and operational requirements; and

WHEREAS municipalities are responsible for implementing and maintaining compliance with these provincially mandated requirements primarily through local property taxation; and;

WHEREAS current provincial fire service grant programs are available to both full-time and volunteer fire departments across Ontario and are distributed through competitive application processes that may not fully reflect the differing financial and administrative capacities of urban and rural municipalities, highlighting the need for a more balanced approach to funding that supports all fire services equitably; and

WHEREAS volunteer firefighters represent approximately 70–75% of firefighters in Ontario, protecting the majority of communities across the Province and, particularly in rural areas, are frequently the first emergency responders to arrive on scene ahead of other emergency services; and

WHEREAS other provincially regulated emergency services, including policing and paramedic services, receive stable and predictable provincial funding contributions or cost-sharing arrangements; and

WHEREAS the absence of a comparable and stable funding model for fire services creates a structural imbalance between provincial regulatory authority and municipal financial responsibility; and

WHEREAS reliance on competitive funding creates budget uncertainty, limits long-term financial planning, and may not reflect the actual operational needs of fire services, contributing to instability, reduced preparedness, and the reduction of services within a critical emergency response sector; and

WHEREAS stable and predictable funding is essential to maintain emergency preparedness, firefighter safety, service sustainability, and equitable protection for residents regardless of municipal size or tax base;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Wawa supports the resolution passed by the Town of Plympton-Wyoming calling upon the Province of Ontario to transition the current practice of competitive provincial fire service grant programs into a permanent, stable, and predictable non-competitive provincial funding program that supports municipalities in meeting provincially legislated fire protection requirements; and

BE IT FURTHER RESOLVED THAT this funding be structured to provide equitable and predictable annual support for operational readiness and training costs associated with volunteer, composite, and full-time fire departments across Ontario; and

BE IT FURTHER RESOLVED THAT the annual value of this funding be reviewed and adjusted to more appropriately reflect the level of provincial funding support currently provided to other provincially regulated emergency services, including policing and paramedic services; and

Request for Support – Ontario Firefighter Certification Requirements

Dear Municipal Clerks,

The Town of Iroquois Falls is seeking support from neighboring municipalities regarding the implementation of Ontario Regulation 343/22 (Firefighter Certification), which requires firefighters performing certain suppression and extrication activities to obtain prescribed certifications by July 1, 2026.

While we support the importance of firefighter training and safety, The Town of Iroquois Falls has concerns about the impact these requirements may have on volunteer and composite fire departments, particularly in rural and northern communities.

Council recently passed a resolution requesting that the Office of the Fire Marshal revisit the mandatory certification program and consider greater flexibility while maintaining high standards of public and firefighter safety.

Dear Hon. Doug Ford,

Re: Township of Stone Mills opposition to the changes to Ontario's Freedom of Information and Protection of Privacy Act

Please be advised that during the regular Council meeting of April 13, 2026, Township of Stone Mills Council passed the following motion,

Resolution 30-706-2026

Whereas the government of Ontario is proposing changes to the Freedom of Information and Protection of Privacy Act (FIPPA) that would exclude records of the premier, cabinet ministers and their staff from public access requests;

AND Whereas these changes would apply retroactively and may limit access to records related to matters of public interest;

AND Whereas the Information and Privacy Commissioner for Ontario has warned that these changes would reduce transparency and accountability, Freedom of Information laws are an essential to the public trust and democratic accountability;

Therefore Be It Resolved That Stone Mills Township oppose the proposed changes to FIPPA;

1. Call on the Province to ensure records related to government business remain accessible to the public;
2. Urge the Province to consult with the Information and Privacy Commissioner of Ontario and the public before proceeding;
3. Direct that this motion be circulated to the Premier Doug Ford, appropriate minister, all MPP's and Ontario municipalities.

Minister of Justice and Attorney General of Canada

Dear Minister Fraser:

Re: Notice of Motion, Councillor C. James re: Community Safety and Well-Being Plan

Please be advised that the Council of the Regional Municipality of Waterloo at their regular meeting held on March 25, 2026, approved the following motion:

Whereas the Region of Waterloo's Community Safety and Well-Being Plan, developed under the requirements of the Community Safety and Policing Act, identifies systemic racism, hate, and discrimination as critical risk factors impacting community safety, belonging, and well-being;

And whereas the display of a noose is widely recognized as a symbol of racial terror, violence, and intimidation, particularly against Black communities, rooted in the history of anti-Black racism;

And whereas symbols of hate, when displayed publicly, contribute to fear, trauma, and exclusion, and undermine the Region's commitments to equity, inclusion, and proactive prevention within its Community Safety and Well-Being Plan;

And whereas the Government of Canada has introduced Bill C-9 to strengthen tools to address hate-motivated offences, including provisions related to the public display of certain hate symbols;

And whereas the current draft of Bill C-9 does not explicitly include the noose as a prohibited symbol, despite its well-

documented use as an instrument of racial intimidation and its direct relevance to community safety and well-being outcomes;

And whereas addressing hate symbols through federal legislation complements municipal efforts by strengthening upstream prevention, reducing harm, and supporting safer, more inclusive communities;

Therefore be it resolved that:

- 1. The Regional Municipality of Waterloo formally request that the Government of Canada amend Bill C-9 to explicitly include the noose as a prohibited hate symbol within the legislation;**
- 2. This motion be circulated to all Ontario municipalities, the Federation of Canadian Municipalities (FCM), and the Association of Municipalities of Ontario (AMO) for endorsement and support as a measure that strengthens community safety and well-being across jurisdictions.**

Request for Support – Ontario Firefighter Certification Requirements

Dear Municipal Clerks,

The Town of Iroquois Falls is seeking support from neighboring municipalities regarding the implementation of Ontario Regulation 343/22 (Firefighter Certification), which requires firefighters performing certain suppression and extrication activities to obtain prescribed certifications by July 1, 2026.

While we support the importance of firefighter training and safety, The Town of Iroquois Falls has concerns about the impact these requirements may have on volunteer and composite fire departments, particularly in rural and northern communities.

Council recently passed a resolution requesting that the Office of the Fire Marshal revisit the mandatory certification program and consider greater flexibility while maintaining high standards of public and firefighter safety.

We respectfully ask that you share the attached resolution with your Fire Chief for review and consideration. If your municipality shares similar concerns, we welcome your support and advocacy on this matter.

Thank you for your time and consideration.

Good day,

Please find below Resolution No. 115/2026, as passed by Council of the Township of South Stormont on May 27, 2026.

Resolution No.: 115/2026

Moved By: Deputy Mayor Andrew Guindon

Seconded by: Councillor Jennifer MacIsaac

Whereas food insecurity is defined as the inadequate or insecure access to food due to financial constraints, a marker of pervasive material deprivation (poverty), and posing a serious public health problem because of its association with higher rates of numerous diseases and chronic health conditions and a higher risk of early death;

And whereas chronic stressors like disability, precarious work, and/or the cost-of-living crisis, and acute shocks like COVID-19, illness or eviction, make it more difficult to afford life's basic needs and live free from poverty;

And whereas current social assistance rates are woefully inadequate, making it impossible to afford a healthy diet; and

And whereas the Eastern Ontario Health Unit estimates that 1 in 4 households are food insecure;

And whereas over 36% of food bank visitors were children;

And whereas food banks are not funded by the Government of Canada and Government of Ontario;

And whereas Ontario non-profits, including food banks, are collectively experiencing stagnant and declining resources amidst climbing demand, and increased reserve use.

Now therefore be it resolved;

- 1. That Council declare food insecurity an emergency (crisis) in South Stormont; and**
- 2. That Council request the Provincial Government immediately raise social assistance rates to meet life's basic needs; and**
- 3. That Council request the Provincial and Federal Governments act to address the causes of food insecurity by establishing a Guaranteed Liveable Basic Income; and**
- 4. That Council request that the Provincial and Federal Governments include the reduction of food insecurity as a component of all appropriate government policies; and**
- 5. That Council develop a working relationship with Food Banks United and other local food programs to:**
 - o Communicate local needs and resources.**
 - o Advocate on behalf of people experiencing food insecurity at the local government level.**
 - o Strategize solutions to immediate food insecurity needs.**

Resolution No.: 2026-0107

Title: Modernizing Ontario's Invasive Plants Rules to Protect Taxpayers, Municipal Lands, Agriculture, Natural Heritage and Local Gardens

Date: June 1, 2026

Moved by: Councillor J. Brass

Seconded by: Councillor C. Garneau

Item No. 12.3

WHEREAS invasive plants, shrubs, vines, groundcovers, ornamental species, seeds and nursery stock can cause significant damage to municipal infrastructure, roadsides, stormwater systems, parks, trails, natural heritage areas, agricultural lands, woodlots, shorelines, private property and local biodiversity;

AND WHEREAS Ontario municipalities and conservation authorities are estimated to spend approximately \$50.8 million annually managing invasive species, and the average annual cost per Ontario municipality has been estimated at \$218,148, with approximately 80% of expenditures directed toward control and management rather than prevention; (Invasive Species Centre)

AND WHEREAS these costs are ultimately borne by local taxpayers, conservation authorities, property owners, farmers, volunteers and community groups who are often left to manage invasive species after they have already been introduced, sold, planted, escaped cultivation and spread;

AND WHEREAS the Province of Ontario, through the Invasive Species Act, 2015, which allows species to be listed as prohibited or restricted, and which can make it illegal to import, possess, transport, propagate, buy, sell, lease or trade listed invasive species; (Invasive Species Centre)

AND WHEREAS the concern is not with plants that are already clearly prohibited or restricted, but with invasive species and seeds and nursery stock that may

continue to be sold or distributed before modernized provincial rules, public guidance and retail practices have fully caught up with current science and local experience;

AND WHEREAS garden centres, nurseries, landscape suppliers, seed distributors, online retailers, landscapers and residents all have an important role to play in preventing the spread of invasive plants before they become a costly municipal and environmental problem;

AND WHEREAS the Ontario Invasive Plant Council's Grow Me Instead program promotes native and non-invasive alternatives for healthy, diverse and wildlife-friendly gardens, and its updated Southern Ontario guide includes additional invasive plants and alternatives to help residents, gardeners and landscapers make better choices; (Ontario Invasive Plant Council)

AND WHEREAS recent local reporting in Halton Hills has highlighted the importance of choosing native alternatives to invasive garden plants, including through Grow Native Halton and the Ontario Invasive Plant Council's Grow Me Instead resources;

AND WHEREAS the continued sale and distribution of invasive ornamental plants undermine the work of municipalities, conservation authorities, environmental organizations, horticultural societies, local volunteers and residents who are investing time and taxpayer dollars to remove and manage these same species;

AND WHEREAS prevention at the point of sale is more cost-effective, more practical and more respectful of taxpayers than asking municipalities and property owners to pay for removal after invasive species have spread across property lines and municipal boundaries;

AND WHEREAS invasive plants do not recognize municipal boundaries, and effective prevention requires coordinated action by the Province of Ontario, the Government of Canada, municipalities, conservation authorities, Indigenous communities, agricultural organizations, the nursery and landscape sector, retailers, landowners and residents;

NOW THEREFORE BE IT RESOLVED THAT Council for the Town of Halton Hills respectfully request that the Province of Ontario, in consultation with municipalities, AMO, ROMA, conservation authorities, the Ontario Invasive Plant Council, Indigenous communities, agricultural organizations, environmental organizations, horticultural societies, the nursery and landscape sector, garden centres and other relevant stakeholders, undertake a review and modernization of Ontario's invasive plant regulatory framework;

AND FURTHER THAT this review include consideration of expanding and regularly updating the list of prohibited and restricted invasive plant species, including invasive plants, shrubs, vines, groundcovers, ornamental species,

seeds and nursery stock that pose a risk to Ontario's natural heritage, agriculture, municipal infrastructure, parks, trails, roadsides, stormwater systems and private property;

AND FURTHER THAT the Province of Ontario be requested to prohibit the sale, distribution, propagation and trade of listed invasive plant species through garden centres, nurseries, landscaping suppliers, online retailers, seed distributors and other commercial pathways;

AND FURTHER THAT the Province of Ontario be requested to develop clear labelling, public education and retailer guidance requirements so that residents, gardeners, landscapers and retailers can easily identify invasive species and choose native or non-invasive alternatives;

AND FURTHER THAT the Province of Ontario be requested to work with the nursery, garden centre and landscape sectors on a practical transition plan that supports compliance, protects small businesses, promotes native and non-invasive alternatives, and prevents invasive plants from continuing to enter communities through ordinary consumer purchases;

AND FURTHER THAT the Government of Canada be requested to review and strengthen, where appropriate, federal import, border, labelling and online sales rules related to invasive plants, seeds and nursery stock entering Canada, so that provincial prevention efforts are not undermined by interprovincial or international trade;

AND FURTHER THAT the Province of Ontario and Government of Canada be requested to support municipalities, conservation authorities and community partners with stronger prevention tools, updated science-based lists, public education materials and funding programs that prioritize prevention over costly long-term control and removal;

AND FURTHER THAT a copy of this resolution be forwarded to the Premier of Ontario, the Ontario Minister of Natural Resources, the Ontario Minister of Agriculture, Food and Agribusiness, the Ontario Minister of Municipal Affairs and Housing, the Ontario Minister of the Environment, Conservation and Parks, the federal Minister of Environment and Climate Change, the federal Minister of Agriculture and Agri-Food, Halton-area MPs and MPPs, the Region of Halton, HRFA, OFA, Conservation Halton, Credit Valley Conservation, Grand River Conservation Authority, AMO, ROMA, FCM, the Ontario Invasive Plant Council, Landscape Ontario, the Canadian Nursery Landscape Association, and all Ontario municipalities for their consideration and support.

Resolution No. 75-03-2026

Moved by: B. Wood

Seconded by: P. Aelick

Whereas the Town of Northeastern Manitoulin and the Islands, like many municipalities, utilizes chip-and-tar surface treatment on a significant portion of its road network; and

Whereas the Town has observed a substantial decrease in the length of time these treated roads remain in acceptable condition; and

Whereas the quality and durability of the oil used in the surface treatment appears to be a contributing factor; and

Whereas the Ministry of the Environment amended its regulations several years ago, permitting only lighter-grade oils for environmental considerations; and

Whereas the reduced durability of the lighter-grade product has resulted in more frequent resurfacing cycles and has consequently led to increasing maintenance costs;

Now therefore be it resolved that the Town of Northeastern Manitoulin and the Islands respectfully requests that the Ministry of the Environment reconsider its decision regarding the lighter grade of oil, taking into account the increased number of applications required, as well as the associated additional time, energy, and financial burden placed on municipalities or develops a better alternative oil.

And Further that this motion be forwarded to the Ministry of Environment, AMO, Good Roads, FONOM, MPP Bill Rosenberg, and all other municipalities.

Re: Request for Provincial Legislation Amendments, Health and Safety Concerns

Dear Minister Piccini,

At its meeting of Council on March 11, 2026, the Council of the Township of Oro-Medonte received correspondence from Association of Ontario Road Supervisors (AORS) regarding the above-mentioned request for support.

The Township of Oro-Medonte fully supports AORS in their request, as our staff have, on numerous occasions, been subjected to abusive and aggressive behaviour from members of the public. We respectfully request your support in advancing measures that will strengthen protections for municipal workers and contractors. With provincial partnership, municipalities can better safeguard the individuals who work tirelessly to maintain critical services and keep our communities functioning safely.

Sincerely,

Mayor Randy Greenlaw

Dear Minister Piccini,

On behalf of Ontario's municipal public works professionals, we are writing to raise an urgent health and safety concern that is increasingly placing municipal workers and subcontractors at risk while they maintain the critical infrastructure our communities rely on every day.

While the Occupational Health and Safety Act establishes important protections against workplace hazards, it does not adequately address a growing and very real threat: unsafe working conditions created by interference, harassment, and dangerous actions from members of the public.

Through consultations with AORS members across the province, we are hearing consistent and deeply troubling examples of escalating behaviour directed at municipal workers - particularly winter maintenance operators. These are not isolated incidents, but a pattern that is becoming increasingly normalized during significant weather events. Examples reported to AORS include:

- An individual throwing a large chunk of ice at an active piece of municipal equipment while it was operating.
- A resident threatening to kill a sidewalk plow operator.
- A man climbing onto a snow plow and refusing to get off until the operator agreed to plow his road next.
- Two municipal staff members being confronted, accosted, and aggressively yelled at in public - one at a gas station and another while simply standing in line for coffee - by individuals angry about road conditions that were not even under that municipality's jurisdiction, as well as a mailbox that had been struck.
- A voicemail left by a resident threatening to shoot a municipal plow driver with a shotgun the next time the street was plowed.
- A resident angry about snow at the end of their driveway jumping in front of an active plow and refusing to move. The plow was delayed for over an hour during a major snow event, placing service levels and the municipality's overall emergency response at risk. The situation was only resolved once supervisors and by-law officers arrived on scene.

These incidents represent only a small sample of what municipal plow drivers and winter maintenance crews are experiencing across Ontario. What was once limited to disgruntled complaints has escalated into direct threats, physical interference, and dangerous confrontations that place workers, subcontractors, and the public at risk. This issue is becoming a systematic threat to municipal service delivery and is only amplified during significant weather events.

Municipal workers and their contracted partners are responsible for maintaining roads, bridges, sidewalks, and other essential services - often in extreme weather and high-risk environments. When these workers are threatened or obstructed, it becomes not only a workplace safety issue, but a broader public safety concern. In some cases, conditions have become so unsafe that

municipal staff and subcontractors have walked off job sites, jeopardizing timely service delivery during critical events.

We respectfully ask the Province to consider the following changes:

- Under the Emergency Management and Civil Protection Act, when a municipality declares a Significant Weather Event, municipal winter maintenance vehicles and operators - including subcontractors working on behalf of municipalities - should be afforded enhanced protection, with interference or obstruction treated with the same severity as interference with police, fire, or paramedic services.
- Establish clear public-safety interference provisions, similar in intent to Ontario's Slow Down, Move Over legislation, that recognize the essential role of municipal roadside workers.
- Consider adopting provisions similar to Manitoba's recently passed Bill 38, an amendment to their Highway Traffic Act effective January 1, 2026, which requires motorists to maintain a minimum distance of 30 metres behind snowplows where speed limits are 80 km/h or lower, and 100 metres where speed limits exceed 80 km/h.

These changes would provide clarity, deterrence, and enforceability—sending a strong message that interference with municipal workers performing essential services will not be tolerated. Just as Ontario protects first responders from obstruction during emergencies, we must extend similar protections to the public works professionals who keep our communities safe, connected, and functioning.

AORS would welcome the opportunity to meet with you and your staff to discuss these concerns further and to collaborate on legislative solutions that better protect municipal workers and subcontractors while strengthening public safety across the province.

Thank you for your consideration of this critical issue.

February 5, 2026

Dear Solicitor General Kerzner,

On behalf of Ontario's municipal public works professionals, we are writing to raise serious concerns regarding the safety of municipal workers and subcontractors who are increasingly facing harassment, threats, and dangerous interference from members of the public while delivering essential municipal services - particularly during winter maintenance and emergency operations.

Across Ontario, municipal public works teams are responsible for maintaining critical infrastructure that residents depend on every day, including roads, sidewalks, bridges, and drainage systems. During significant weather events, these workers are frontline responders, ensuring emergency vehicles can travel safely and that communities remain connected and accessible. However, the behaviour directed at them has escalated well beyond routine complaints and has become a direct threat to both worker safety and public safety.

Through consultations with AORS members province-wide, we continue to receive troubling reports that illustrate the seriousness of this issue. These include:

- An individual throwing a large chunk of ice at an active piece of municipal equipment while it was operating.
- A resident threatening to kill a sidewalk plow operator.
- A man climbing onto a snowplow and refusing to get off until the driver agreed to plow his road next.
- Two staff members confronted and aggressively accosted in public - one at a gas station and another while simply waiting in line for coffee - by individuals angry about road conditions and a mailbox strike that were not even related to that municipality.
- A voicemail threatening to shoot a plow driver with a shotgun the next time the street was plowed.
- A resident jumping in front of an active plow during a major snow event and refusing to move, delaying operations for over an hour and jeopardizing service levels and overall emergency response.

These examples represent only a small sample of the experiences municipal plow drivers and winter maintenance crews are facing across the province. What was once occasional frustration has escalated into intimidation, threats of violence, and direct interference with equipment and operations.

Equally concerning is that municipalities do not always receive consistent enforcement support when these incidents occur. We have heard directly from members who contacted the Ontario Provincial Police for assistance and were advised that, unless a physical assault had already taken place, the situation was "not a police matter." Waiting until a worker has been physically harmed before intervention is neither preventative nor acceptable.

This gap leaves municipalities and workers vulnerable and sends an unintended message that threatening or obstructive behaviour toward municipal staff carries little consequence. It also places supervisors and by-law officers in situations that may exceed their authority or capacity to manage safely.

We believe a proactive and coordinated response is needed. Municipal workers and their subcontractors should not have to choose between their personal safety and providing critical services during storms and emergencies.

We respectfully ask that the Province of Ontario and the Ontario Provincial Police take a clear and strong stance that interference, threats, and harassment directed at municipal public works staff will not be tolerated. Specifically, we would welcome:

- Clear direction and guidance to police services, including the OPP, that threats, intimidation, and obstruction of municipal workers performing essential duties warrant timely enforcement and support.
- Recognition that interference with winter maintenance and emergency public works operations presents a broader public safety risk, not merely a municipal operational issue.
- Enhanced coordination between municipalities and local police services during significant weather events and emergency responses to ensure worker safety and continuity of service.
- Consideration of legislative or policy tools that provide stronger deterrence and consequences for those who threaten or obstruct municipal staff and contractors.

Municipal public works professionals are essential workers. They keep roads open for ambulances, fire trucks, school buses, and the travelling public. Their safety should be treated with the same seriousness as that of other frontline responders.

AORS would welcome the opportunity to meet with you and your staff to discuss these concerns and explore practical steps to ensure consistent enforcement support and stronger protections for municipal workers across Ontario.

Thank you for your attention to this important matter and for your continued leadership in public safety.

Sincerely,

Re: Strengthening Protections for Municipal Workers and Contractors

Honourable Premier:

Please be advised that Council for the Town of Georgina endorsed the position of the Township of East Zorra-Tavistock and Oro Medonte requesting provincial legislation amendments to strengthen protections for municipal workers and contractors. These amendments would help to address an urgent health and safety concern that is increasingly placing municipal workers and subcontractors at risk while they maintain critical infrastructure Ontario communities rely on every day.

Town Council passed the following motion:

"That Council endorse the position of the Township of East Zorra-Tavistock and Oro Medonte regarding the Association of Ontario Road Supervisors request for Provincial Legislation amendments to strengthen protections for municipal workers and contractors and that this endorsement be circulated to the Premier of Ontario, Solicitor-General of Ontario, Minister of Municipal Affairs and Housing, Minister of Emergency Preparedness and Response, Minister of Transportation, MPP Caroline Mulroney, Association of Ontario Roads Supervisors (AORS), Association of Municipalities of Ontario (AMO) and all Ontario municipalities."

The Occupational Health and Safety Act establishes protections against workplace hazards but does not address unsafe working conditions created by interference, harassment and dangerous actions from members of the public. Correspondence from the Township of East Zorra-Tavistock, Oro Medonte and the Association of Ontario Road Supervisors have been attached to provide more details.

Accordingly, we respectfully request your consideration of the request for legislative amendments for the safety of Ontario municipal workers and contractors.

Sincerely,
FOR THE TOWN OF GEORGINA,

Carolyn Lance

Support for Sustainable Provincial Grant Funding for Fire Services in Ontario

WHEREAS Municipal fire services in Ontario operate under legislative authority established by the province through statutes, regulations, codes, and prescribed standards governing training, equipment, certification, inspection, and operational requirements;

AND WHEREAS municipalities are responsible for implementing and maintaining compliance with these provincially mandated requirements primarily through local property taxation;

AND WHEREAS current provincial fire service grant programs are available to both full-time and volunteer fire departments across Ontario and are distributed through competitive application processes that may not fully reflect the differing financial and administrative capacities of urban and rural municipalities, highlighting the need for a more balanced approach to funding that supports all fire services equitably;

AND WHEREAS volunteer firefighters represent approximately **70–75% of firefighters in Ontario**, protecting the majority of communities across the province and, particularly in rural areas, are frequently **the first emergency responders to arrive on scene ahead of other emergency services**;

AND WHEREAS other provincially regulated emergency services, including policing and paramedic services, receive stable and predictable provincial funding contributions or cost-sharing arrangements;

AND WHEREAS the absence of a comparable and stable funding model for fire services creates a structural imbalance between provincial regulatory authority and municipal financial responsibility;

AND WHEREAS reliance on competitive funding creates budget uncertainty, limits long-term financial planning, and may not reflect the actual operational needs of fire services, contributing to instability, reduced preparedness and the reduction of services within a critical emergency response sector;

AND WHEREAS stable and predictable funding is essential to maintain emergency preparedness, firefighter safety, service sustainability, and equitable protection for residents regardless of municipal size or tax base;

NOW THEREFORE BE IT RESOLVED THAT

The Council of the Town of Plympton-Wyoming respectfully calls upon the Province of Ontario to **transition the current practice of competitive provincial fire service grant programs into a permanent, stable, and predictable non-competitive provincial funding program** that supports municipalities in meeting provincially legislated fire protection requirements;

AND FURTHER THAT this funding be structured to provide equitable and predictable annual support for **operational readiness and training costs associated with volunteer, composite and full-time fire departments across Ontario**;

AND FURTHER THAT the annual value of this funding be reviewed and adjusted to more appropriately reflect the level of provincial funding support currently provided to other provincially regulated emergency services, including policing and paramedic services;

AND FURTHER THAT this resolution be circulated for endorsement to:

- The County of Lambton
- Lambton County Fire Chiefs Association
- All municipalities
- Ontario Association of Fire Chiefs
- Ontario Professional Fire Fighters Association
- Ontario Volunteer Fire Fighters Association
- Association of Municipalities of Ontario
- Rural Ontario Municipal Association

AND FURTHER THAT, upon endorsement, this resolution be submitted to:
