

Welland's Trail 150

APPLICATION FORM

Give a sapling as gift to your loved ones and support Trail 150!

To celebrate Canada's 150th birthday, the City of Welland is planting rows of trees called Trail 150 along Merritt Island. Citizens are invited to purchase trees to memorialize loved ones, leave a legacy tree, support Trail 150, or help replant trees lost to the Emerald Ash Borer.

For \$250 (plus HST) you receive:

- A sustainable young tree that will be planted, watered, and supported for two years by the Welland Arborist Team.
- A plaque with a personalized dedication to a person, family, business or pet to be placed at the site of the tree.
- An invitation to the tree-planting celebration and service on National Tree Day on September 27, 2017 that will feature the unveiling of Trail 150 with local dignitaries, members of the First Nations and Metis communities and citizens of Welland.
