

Notice of Construction

Quaker Road Sanitary Trunk Sewer Upgrade City of Welland and Town of Pelham Quaker Road Closure

Project Description

As part of the 2016 Wastewater Master Servicing Plan, the Town of Pelham has been identified as an area of significant growth. To support existing and future flows and system connectivity associated with growth, more trunk sewer capacity is required on Quaker Road.

Niagara Region will be constructing a new sanitary trunk sewer along Quaker Road between Pelham Street and Rice Road in the City of Welland and Town of Pelham. The new 600mm sanitary trunk sewer was identified as a long-term system improvement, which provides sanitary sewer relief along Quaker Road connecting the Pelham Street Regional sanitary sewer to the outlet sewer east of Rice Road. This will provide adequate capacity for future sanitary flows.

The project runs just over 1.2 km and is scheduled to start construction in January 2024 at the intersection of Rice Road and Quaker Road, proceeding west.

The following improvements will be included as part of this project:

City of Welland

- Replacement and realignment to parts of the local sanitary sewer (areas impacted by the installation of the trunk sewer)
- Watermain replacement

Town of Pelham

- Local sanitary sewer replacement, which will also service new developments along the corridor
- Watermain replacement
- Corridor urbanization including storm sewers, curb and gutter, sidewalks and bike lanes.

Timeline

Construction start: January 2024

Construction end: May 2025

Road Closure

Tuesday, Feb. 20, 2024 until Friday, March 1, 2024

Rice Road and Quaker Road intersection will be closed to through traffic.

Detour

- Northbound traffic: Rice Road (Regional Road 54) > Woodlawn Road (Regional Road 41) > Clare/Line Avenue > Merritt Road > Rice Road (Regional Road 54)
- Southbound traffic: Rice Road (Regional Road 54) > Merritt Road > Line/Clare Avenue > Woodlawn Road (Regional Road 41) > Rice Road (Regional Road 54)
- Westbound traffic: Quaker Road > First Avenue > Woodlawn Road (Regional Road 41) > Pelham Street
- Eastbound traffic: Quaker Road > Line/Clare Avenue > Woodlawn Road (Regional Road 41) > First Avenue > Quaker Road

Tuesday, Feb. 20, 2024, until Saturday, June 1, 2024

Quaker Road between Line/Clare Avenue and Rice Road will be closed to through traffic.

Detour

- Westbound traffic: Quaker Road > First Avenue > Woodlawn Road (Regional Road 41) > Pelham Street
- Eastbound traffic: Quaker Road > Line/Clare Avenue > Woodlawn Road (Regional Road 41) > First Avenue > Quaker Road

Businesses and residents along Quaker Road between Line/Clare Avenue and Rice Road will have access up to Rice Road from Line/Clare Avenue, but will not have access through the intersection. Businesses and schools will stay open at all times.

Emergency services will have access through the detour routes.

Road Closure Information

For road closure information, visit [road closures in Niagara](#) or [Municipal511.ca](#) for real-time information on closures and construction updates. Municipal511 shares road information that connects to Google Maps and Waze. It helps Niagara Region, local municipalities and the Ministry of Transportation better coordinate local construction projects to minimize traffic disruption.

What to Expect

During construction, expect dust, periodic noise, and road closures near construction activities with detour routes set up through nearby neighborhoods. Advance notice will be provided if access to your property or services will be interrupted.

Working hours will typically fall between 7 a.m. and 7 p.m., Monday to Friday. Some activities may require working hours outside of these times.
