MEMORANDUM

TO: Welland City Council

FROM: Sherri-Marie Millar, P.Eng.
Director of Infrastructure Services/City Engineer

Matthew Main, P. Eng.
Manager of Infrastructure and Assets

DATE: May 29, 2026

SUBJECT: Major Street Area Wastewater Master Servicing Plan and Renewals Implementation Plan Update

This memorandum will provide an update on the Major Street Area Wastewater Master Servicing Plan and Renewals Implementation Plan project that received Council approval in 2022.

Background:

The Major Street area in Welland is a mature, fully developed neighbourhood located on the northwest edge of the City's core. The area contains aging infrastructure, including roads, watermains, and sewer systems. Although the sewer system has been separated, combined sewer overflows (CSOs) still occur throughout the area (Figure 1).

In 2022, the City initiated the Major Street Master Servicing Plan and Renewals Implementation Plan project to prepare for future wastewater system replacements. GEI (formerly GM BluePlan), selected through a request for proposal process, completed the master plan with the following objectives:

1. Review and confirm the connectivity of the existing wastewater system.
2. Identify sewers requiring replacement, including evaluating the potential abandonment of existing CSOs and bulkheads.
3. Develop a phased implementation plan for the replacement work.

Report Recommendations:

Based on a comprehensive review and analysis of the study area, including the City's hydraulic model, field inspections, asset condition data, and the previously completed Pollution Prevention Control Plan (PPCP), GEI developed the recommendations presented in the table below. Also included within the table is a staff update on the same.

Phase	Description	Status
Phase 1 – City of Welland Internal Works		
1. a	Inspect all existing CSOs within the Major Street Area catchment.	Updated inspections to be completed in Q3 2026.
1. b	Remove/Decommission the following CSOs that are no longer active: <ul style="list-style-type: none"> • Hagar Street and McAlpine Avenue • Camrose Avenue and Paul Street • East Main Street and Wallace 	Consultation with MECP has been initiated to determine decommissioning requirements. Staff will update Council on future decommissioning plans once established.
1. c	Remove the three existing bulkheads along Hagar Street, at the intersections with Wallace Avenue, Lyons Avenue, and Camrose Avenue.	Bulkhead removal work will be completed by City staff starting in Q3 2026. The removals will be conducted gradually, with impacts verified through flow monitoring.
1. d	Remove the existing Hagar Street CSOs or provisionally raise the Hagar Street and Wallace Avenue CSO	Removal of CSO(s) will be scheduled after bulkheads are removed and verified by flow monitoring. Staff will provide Council future updates.
Phase 2 – Inflow and Infiltration Investigation Works		
2.	Complete inflow and infiltration (I&I) investigation.	An inflow and infiltration investigation for the Major Street area will be proposed in the 2027 capital budget.
Phase 3 – Replacement Works Aligned with Condition-Based Road Reconstruction Works		
3.	Align all sewer replacement and road reconstruction with state-of-good-repair programs.	Identified sewer replacements will be assessed against the City’s asset management needs and priorities and will be delivered through the City’s annual state-of-good-repair programs.

Motion Respecting A New Deal for Niagara

Regional Council, at its meeting held on April 30, 2026, passed the following motion:

WHEREAS the Niagara Region is a critical economic driver within Ontario and Canada, and a globally recognized tourism destination, welcoming approximately 14 million visitors annually (Niagara Falls Tourism/Ontario's Destination Niagara) and generating approximately \$3 billion in tourism-related economic activity;

WHEREAS the Niagara Region is one of the busiest border crossings between Canada and the U.S. and is bounded on 3 sides by water, which increases vehicular traffic traversing Niagara and policing and rescue responsibilities for our municipalities;

WHEREAS Niagara's visitor economy and border location place unique and sustained pressures on regional and local infrastructure, including roads, waste management (Public Works), transit (Niagara Transit), policing (Niagara Regional Police), paramedic services (Niagara EMS), water and wastewater systems, and public spaces;

WHEREAS Niagara municipalities are responsible for delivering essential services that support both residents and visitors, while relying only on property tax revenues that do not scale with tourism or trade corridor demands;

WHEREAS the Association of Municipalities of Ontario (AMO) has identified that Ontario's current provincial-municipal fiscal framework is unsustainable, citing ongoing provincial downloading and a structural mismatch between municipal responsibilities and available revenue tools;

WHEREAS AMO has called for a comprehensive review of municipal service delivery responsibilities ("who does what") and the development of new fiscal tools to ensure municipalities can meet growing service demands;

WHEREAS the Federation of Canadian Municipalities (FCM) has advocated for a modernized federal-municipal partnership, including predictable, long-term infrastructure funding, expanded housing investments, and direct federal engagement with municipalities to address national priorities;

WHEREAS Niagara Region is experiencing increasing financial pressures related to housing affordability, homelessness, transit expansion, climate adaptation, and state-of-good-repair infrastructure, all of which are compounded by population growth and visitor impacts; and

WHEREAS the economic benefits generated by Niagara's tourism sector and commercial trade significantly contribute to provincial and federal revenues, yet municipalities bear a disproportionate share of the costs required to sustain this economic activity.

NOW THEREFORE BE IT RESOLVED:

1. That Niagara Regional Council **CALL UPON** the Province of Ontario to initiate, in partnership with the Association of Municipalities of Ontario (AMO), a comprehensive review of the provincial-municipal fiscal framework, including a reassessment of municipal service responsibilities; the elimination or mitigation of ongoing provincial downloading; the identification of new, sustainable municipal revenue tools, with the Region of Niagara as the pilot;
2. That Niagara Regional Council **ADVOCATES** for a "New Deal for Niagara" that recognizes the Region's unique role as Canada's leading tourism destination and includes dedicated, predictable funding for tourism-supporting infrastructure; investment in regional transit and transportation networks; all emergency services; public health; support for housing and homelessness initiatives; revenue-sharing mechanisms that reflect visitor-driven economic activity;
3. That the Province of Ontario **BE REQUESTED** to ensure that any future transfer of responsibilities to municipalities is accompanied by full and ongoing funding in line with inflation;
4. That the Government of Canada, consistent with recommendations from the Federation of Canadian Municipalities (FCM), **BE REQUESTED** to expand permanent, direct federal funding streams to municipalities; increase investments in affordable housing and enabling infrastructure; recognize and support high impact tourism and trade corridor regions such as Niagara;
5. That Niagara Regional Council **REQUEST** that both the federal and provincial governments formally recognize the infrastructure and service demands associated with hosting approximately 14 million visitors annually and generating approximately \$3 billion in tourism activity, as reported by Niagara Falls Tourism and Ontario's Destination Niagara; and

6. That this motion **BE CIRCULATED** to the Honourable Doug Ford, Premier of Ontario; Rob Flack, Ontario Minister of Municipal Affairs and Housing; Jennie Stevens, MPP for St. Catharines, Sam Oosterhoff, MPP for West Niagara, Jeff Burch, MPP for South Niagara, Wayne Gates MPP Niagara Falls, Prime Minister of Canada; Mark Carney, the Association of Municipalities of Ontario (AMO); the Federation of Canadian Municipalities (FCM); and all Niagara-area municipalities requesting their support.

**Re: 14.2 Resolution Respecting Lower-Tier Municipal Representation in
Regional Decision-Making on Mental Health, Homelessness, and Addiction**

Please be advised that the Council of the Corporation of the City of Thorold, at its meeting held on May 12, 2026, considered the aforementioned topic and passed the following resolution:

WHEREAS mental health, homelessness, and addiction are urgent and growing challenges affecting residents across Niagara, with direct impacts in the City of Thorold;

AND WHEREAS the Regional Municipality of Niagara is responsible for the delivery and coordination of public health, housing, and social services, including homelessness prevention and community well-being, through its Public Health and Social Services Committee;

AND WHEREAS the mandate of the Public Health and Social Services Committee includes oversight of policies, programs, and service delivery related to public health, housing, homelessness, and social assistance;

AND WHEREAS lower-tier municipalities are on the front lines of these challenges and bring critical local knowledge, experience, and accountability to residents;

AND WHEREAS meaningful collaboration with lower-tier municipalities, along with the inclusion of individuals with lived experience, can strengthen regional decision-making and improve outcomes;

AND WHEREAS Council of the City of Thorold has taken proactive steps to support housing solutions through the establishment of an Affordable Housing Working Group to identify and report back on potential opportunities within the City;

NOW THEREFORE BE IT RESOLVED THAT the Council of the City of Thorold passes the following:

1. That Thorold City Council **REQUESTS** the Regional Municipality of Niagara to take concrete steps to enhance the integration of lower-tier municipal perspectives into its work on mental health, homelessness, and addiction;
2. That Thorold City Council **REQUESTS** the Region of Niagara explore updates to the mandate, composition, or engagement practices of the Public Health and Social Services Committee to better reflect lower-tier municipal input;
3. That Thorold City Council **REQUESTS** the Region of Niagara establish an advisory or engagement mechanism that includes greater representation from lower-tier municipalities and Councillors, and individuals with lived and living experience;
4. That Thorold City Council **REQUESTS** the Region of Niagara report back to its Public Health and Social Services Committee on potential options to strengthen such collaboration; and
5. That City Staff **BE DIRECTED** to circulate this motion to the Regional Municipality of Niagara and Niagara-area municipalities for their consideration.

Whereas public libraries play a vital role in ensuring equitable access to information, literacy, education, and culture for all residents;

And whereas interlibrary loan services are an essential component of public library operations, particularly for small and rural communities with limited local collections;

And whereas reduced postal rates for library materials have historically enabled libraries to share resources efficiently and affordably across Canada;

And whereas recent amendments to the Canada Post Corporation Act have removed the legislative requirement to provide reduced postal rates for library materials, creating uncertainty for the continued delivery of this essential service;

Now therefore be it resolved that the Council of the Corporation of the Township of Perry calls upon the Government of Canada to maintain and protect reduced-rate postal distribution for library materials through legislation;

And that Council requests that the Minister responsible for Canada Post ensure continued, affordable postal access for libraries and interlibrary loan services;

And that a copy of this resolution be forwarded to The Honourable Joel Lightbound, Minister of Government Transformation, Public Works and Procurement, Scott Aitchison, MP Parry Sound-Muskoka, Hon. Graydon Smith, MPP Parry Sound-Muskoka, and all Ontario municipalities for support.

Resolution: The EOWC Opposes ALTO High-Speed Rail Project in Its Current Form

Date: March 19, 2026

Moved by: Warden Richard Kidd, Lanark County

Seconded by: Warden Corinna Smith-Gatcke, United Counties of Leeds and Grenville

WHEREAS the Federal Government has identified ALTO high-speed rail as a nation-building project with an estimated cost of \$60 to \$90 billion, to deliver faster, more reliable passenger rail service; and

WHEREAS ALTO is advancing plans for a high-speed passenger rail project between the Quebec City-Toronto corridor, cutting through eastern Ontario; and

WHEREAS there is only currently one proposed stop across the Eastern Ontario Wardens' Caucus' (EOWC) 50,000 square kilometre region, benefitting urban residents at the cost of rural residents and lands; and

WHEREAS portions of the proposed project will traverse and impact eastern Ontario communities, infrastructure, residential and agricultural lands, municipal trails, and environmentally sensitive areas, and with no long-term economic benefits; and

WHEREAS the closure and/or dead-ending of roads will have significant ongoing and unknown costs to municipalities, as well as service delivery and emergency response implications to residents and businesses; and

WHEREAS eastern Ontario municipalities and residents have not received sufficient detailed information regarding potential local impacts, including land use, environmental effects, municipal infrastructure interfaces, and long-term financial or operational implications; and

WHEREAS municipal governments are responsible for protecting local interests, ensuring compatibility with existing planning frameworks, as well as safeguarding environmental, community, and resident mental health and well-being; and

WHEREAS the EOWC and its member municipalities are actively trying to engage with ALTO through a truly meaningful consultation process to understand the impacts of both proposed high speed rail train routes to our residents, lands, trails, and businesses; and

WHEREAS the EOWC is eastern Ontario's united advocacy voice representing 103 communities who value and will advocate for the region's beautiful lands that hold deep

agricultural and cultural roots, and that are home to our rural and small-urban communities that will be impacted by ALTO.

THEREFORE BE IT RESOLVED THAT the EOWC formally opposes the ALTO project in its current form; and

THAT this opposition is based on concerns related to insufficient municipal consultation, unclear rural and small-urban impacts, potential environmental effects, and alignments with existing eastern Ontario planning and infrastructure priorities; and

THAT the EOWC urge our member municipalities, partners, businesses, and residents to share their questions and comments with ALTO and federal representatives as part of the engagement process; and

THAT the EOWC look to gather detailed information from ALTO to more fully understand the project and its impacts across eastern Ontario; and

THAT the EOWC advocates that the Federal Government and ALTO fully explore train route options along existing infrastructure corridors, such as VIA Rail and/or Highway 401; and

THAT a copy of this resolution be sent to the Right Honourable Mark Carney, Prime Minister of Canada, The Honourable Steve MacKinnon, Minister of Transportation, Martin Imbleau, President and CEO of ALTO, EOWC Members of Parliament, Premier Doug Ford, EOWC Members of Provincial Parliament, the Federation of Canadian Municipalities, the Association of Municipalities of Ontario, the Rural Ontario Municipal Association, the Ontario Federation of Agriculture, the Eastern Ontario Mayors' Caucus, all EOWC municipalities, and Eastern Ontario First Nations partners.

AORS
PROMOTING COMPLAINTS. PURSUING RESOLUTION.

Minister of Labour, Immigration, Training and Skills Development David Piccini
14th Floor, 400 University Avenue
Toronto, ON M7A 1T7

February 5, 2026

Dear Minister Piccini,

On behalf of Ontario's municipal public works professionals, we are writing to raise an urgent health and safety concern that is increasingly placing municipal workers and subcontractors at risk while they maintain the critical infrastructure our communities rely on every day.

While the Occupational Health and Safety Act establishes important protections against workplace hazards, it does not adequately address a growing and very real threat: unsafe working conditions created by interference, harassment, and dangerous actions from members of the public.

Through consultations with AORS members across the province, we are hearing consistent and deeply troubling examples of escalating behaviour directed at municipal workers - particularly winter maintenance operators. These are not isolated incidents, but a pattern that is becoming increasingly normalized during significant weather events. Examples reported to AORS include:

- An individual throwing a large chunk of ice at an active piece of municipal equipment while it was operating.
- A resident threatening to kill a sidewalk plow operator.
- A man climbing onto a snow plow and refusing to get off until the operator agreed to plow his road next.
- Two municipal staff members being confronted, accosted, and aggressively yelled at in public - one at a gas station and another while simply standing in line for coffee - by individuals angry about road conditions that were not even under that municipality's jurisdiction, as well as a mailbox that had been struck.
- A voicemail left by a resident threatening to shoot a municipal plow driver with a shotgun the next time the street was plowed.
- A resident angry about snow at the end of their driveway jumping in front of an active plow and refusing to move. The plow was delayed for over an hour during a major snow event, placing service levels and the municipality's overall emergency response at risk. The situation was only resolved once supervisors and by-law officers arrived on scene.

These incidents represent only a small sample of what municipal plow drivers and winter maintenance crews are experiencing across Ontario. What was once limited to disgruntled complaints has escalated into direct threats, physical interference, and dangerous confrontations that place workers, subcontractors, and the public at risk. This issue is becoming a systematic threat to municipal service delivery and is only amplified during significant weather events.

Municipal workers and their contracted partners are responsible for maintaining roads, bridges, sidewalks, and other essential services - often in extreme weather and high-risk environments. When these workers are threatened or obstructed, it becomes not only a workplace safety issue, but a broader public safety concern. In some cases, conditions have become so unsafe that

municipal staff and subcontractors have walked off job sites, jeopardizing timely service delivery during critical events.

We respectfully ask the Province to consider the following changes:

- Under the Emergency Management and Civil Protection Act, when a municipality declares a Significant Weather Event, municipal winter maintenance vehicles and operators - including subcontractors working on behalf of municipalities - should be afforded enhanced protection, with interference or obstruction treated with the same severity as interference with police, fire, or paramedic services.
- Establish clear public-safety interference provisions, similar in intent to Ontario's Slow Down, Move Over legislation, that recognize the essential role of municipal roadside workers.
- Consider adopting provisions similar to Manitoba's recently passed Bill 38, an amendment to their Highway Traffic Act effective January 1, 2026, which requires motorists to maintain a minimum distance of 30 metres behind snowplows where speed limits are 80 km/h or lower, and 100 metres where speed limits exceed 80 km/h.

These changes would provide clarity, deterrence, and enforceability—sending a strong message that interference with municipal workers performing essential services will not be tolerated. Just as Ontario protects first responders from obstruction during emergencies, we must extend similar protections to the public works professionals who keep our communities safe, connected, and functioning.

AORS would welcome the opportunity to meet with you and your staff to discuss these concerns further and to collaborate on legislative solutions that better protect municipal workers and subcontractors while strengthening public safety across the province.

Thank you for your consideration of this critical issue.

WHEREAS municipalities are responsible for the planning, construction, operation, rehabilitation, and replacement of critical public infrastructure; and

WHEREAS municipal engineers play a key role in supporting safe, reliable, and cost-effective infrastructure systems for residents and businesses; and

WHEREAS the Municipal Engineers Association has raised concerns and recommendations regarding the Province's proposed harmonization of municipal road construction standards, which have implications for municipal operations, long-term asset management, and financial sustainability; and

WHEREAS the United Counties of Leeds and Grenville supports advocacy that promotes effective infrastructure planning, responsible funding frameworks, and realistic implementation requirements for municipalities;

NOW THEREFORE BE IT RESOLVED THAT the Council of the United Counties of Leeds and Grenville supports the Municipal Engineers Association's position regarding the Province's proposed harmonization of municipal road construction standards, particularly the concerns about the exemption approval process, mandatory annual reporting, lack of clarity around governance/co-stewardship, and the need for meaningful municipal consultation before implementation proceeds; and

BE IT FURTHER RESOLVED THAT Council urges the Province of Ontario to engage with municipalities and the Municipal Engineers Association to implement practical solutions that reflect municipal capacity, infrastructure needs, and local government realities; and

BE IT FURTHER RESOLVED THAT a copy of this resolution be circulated to the Minister of Transportation, the Minister of Municipal Affairs and Housing, the Minister of

Infrastructure, the local Member of Provincial Parliament (MPP), the Municipal Engineers Association (MEA), the Association of Municipalities of Ontario (AMO), the Rural Ontario Municipal Association (ROMA), and Ontario municipalities.

Re: Support of Finlay's Law on Emergency Room Reform

At its regular meeting on April 10, 2026, the Western Ontario Wardens' Caucus adopted the following motion in support of Finlay's Law on Emergency Room Reform:

#11 Moved by D. Bailey seconded by B. Clark:

WHEREAS growing pressures across the Ontario healthcare system are increasing patient volumes in emergency rooms (ER), requiring more complex care, and contributing to longer patient wait times in ERs for residents in Ontario's largest municipalities; and

WHEREAS Health Quality Ontario data from October 2025 reports that patients needing admission to the hospital waited an average of 19-20 hours, with high-urgency patients waiting close to 5 hours on average to be seen by a physician; and

WHEREAS in December 2023, the Auditor General of Ontario reported that significant hospital staffing shortages were reducing access to timely emergency care; and

WHEREAS the Financial Accountability Office of Ontario reported in March 2023 that ER wait times were increasing significantly with the longest wait times recorded in over 15 years and that provincial funding was \$21.3 billion short to maintain current health programs through 2028; and

WHEREAS according to the Ontario Hospital Association (OHA), Ontario has had the lowest per capita hospital expenditure in Canada since 2018; and

WHEREAS according to the OHA, approximately 4,200 alternate level care (ALC) patients remain in acute beds (40% awaiting long term care), worsening ER delays; and

WHEREAS Canadian ER researchers have highlighted that between 8,000 and 15,000 Canadians die prematurely as a result of ER overcrowding; and

WHEREAS reports of patients dying in crowded ERs across Canada are increasing, such as 16-year-old Finlay van der Werken who waited over 8 hours in an Oakville ER without being seen by a physician and tragically passed away on February 9, 2024 from pneumonia that developed into sepsis; and

WHEREAS ER delays are contributing to excessive ambulance offload times, adding undue strain on response capacity of municipal paramedic services across Ontario; and

WHEREAS the Provincial Government has taken important steps to improve health care in Ontario, however additional funding and staffing resources for hospitals to reduce ER wait times and increase capacity to provide timely access to care for all patients in ER's remains critical; and

WHEREAS despite growing concerns regarding staffing shortages in and closures of ERs across Ontario, as well as failure to meet federal standards such as the Canadian Triage and Acuity Scale, the Provincial Government continues to receive full contributions of Canada Health Transfers from the federal government.

THEREFORE BE IT RESOLVED THAT the Western Ontario Wardens Caucus calls on the Provincial Ministry of Health to take immediate action to reduce ER wait times with consideration for the importance of enhanced ER triage protocols and increased funding to strengthen emergency readiness;

AND THAT the Western Ontario Wardens Caucus calls on the Provincial Ministry of Health to introduce Finlay's Law to ensure that no child in Ontario is left without timely emergency medical care in hospitals by:

- Setting legal maximum ER wait times for children under 18 (e.g., physician assessment within 2 hours, admission within 8 hours).
- Mandating safe pediatric nurse-to-patient and physician-to-patient ratios in emergency settings.
- Establish independent oversight to audit hospitals, investigate pediatric ER deaths, and enforce compliance.
- Mandate public, independent, and timely (within 1 year) inquiry by the Chief Coroner of Ontario of every pediatric death in an ER waiting area.
- Fund better pediatric emergency readiness, including staffing, training and infrastructure

AND THAT the Western Ontario Wardens Caucus calls on the Federal Ministry of Health to enforce the principles and requirements of the Canada Health Act through its spending power of Canada Health Transfers to Ontario by:

- monitoring compliance to national health standards, such as Canadian Triage and Acuity Scale (CTAS) in ERs;
- and establishing and ensuring compliance with a new sepsis care

AND THAT a copy of this resolution be sent to the Premier of Ontario, the Ontario Minister of Health, the Federal Minister of Health, the Ontario Medical Association (OMA), the Ontario Hospital Association (OHA), and the Association of Municipalities of Ontario (AMO).

Carried.

RESOLUTION # 26 – 061

Date: April 13, 2026

WHEREAS the Ontario Provincial Police (OPP) provide policing services to both organized municipalities and unorganized territories across the Province of Ontario;

AND WHEREAS organized municipalities receiving OPP policing services are billed under the OPP Municipal Policing Billing Model, which includes a base service cost and additional costs related to calls for service;

AND WHEREAS unorganized townships and territories contribute to policing costs through provincial taxation mechanisms and pay only a base rate while receiving OPP policing services;

AND WHEREAS residents of unorganized territories receive comparable OPP policing services to those provided in organized municipalities;

AND WHEREAS recent increases in OPP policing costs have placed a growing and disproportionate financial burden on organized municipalities and their taxpayers;

AND WHEREAS municipalities have limited revenue tools and must rely primarily on property taxation to fund essential services such as policing;

AND WHEREAS the current funding structure creates an inequitable situation in which organized municipalities are required to subsidize a larger share of policing costs while similar services are provided in unorganized territories at a significantly lower contribution level;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Corporation of the Township of Baldwin calls upon the Province of Ontario to conduct an immediate review of the OPP Municipal Policing Billing Model and the policing funding structure for unorganized territories

AND FURTHER THAT the Province be requested to implement a fair and equitable funding model that ensures all communities receiving OPP policing services contribute appropriately to the cost of those services;

AND FURTHER THAT the Province be requested to consult with municipalities, particularly those in Northern Ontario, regarding the financial impacts of OPP policing costs and the current inequities in the system;

AND FURTHER THAT a copy of this resolution be forwarded to the Honourable Minister of the Solicitor General, the local Member of Provincial Parliament, the Association of Municipalities of Ontario (AMO), the Federation of Northern Ontario Municipalities (FONOM), the Northwestern Ontario Municipal Association (NOMA), and neighbouring municipalities for their support.

Motion # 2026-158

WHEREAS Highways 11 and 17 are critical transportation corridors connecting Northern Ontario communities and supporting national trade, tourism, emergency response, and economic development; and

WHEREAS Northern Ontario residents, travellers, commercial drivers, and emergency services rely on safe and accessible year-round highway infrastructure; and

WHEREAS many stretches of Highways 11 and 17 lack sufficient rest areas, washroom facilities, truck parking, warming centres, fuel access, and safe pull-off locations, particularly in remote areas of Northern Ontario; and

WHEREAS inadequate rest stop infrastructure contributes to driver fatigue, safety concerns, limited accessibility, and challenges for tourism and commercial transportation;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Township of Armour calls upon the Government of Ontario and the Government of Canada to prioritize the development of new and upgraded highway rest stops and traveller infrastructure along Highways 11 and 17 across Northern Ontario; and

BE IT FURTHER RESOLVED THAT such infrastructure include year-round washrooms, safe parking areas, commercial truck parking, warming shelters, electric vehicle charging stations, fuel access, tourism information, and improved emergency communication services where feasible; and

BE IT FURTHER RESOLVED THAT the Province of Ontario work collaboratively with Northern municipalities, FONOM, NOMA, Indigenous communities, and industry stakeholders to identify priority locations for investment; and

BE IT FURTHER RESOLVED THAT this resolution be circulated to FONOM, NOMA, AMO, local MPPs and MPs, the Premier of Ontario, and Ontario municipalities.

Subject: Town of Orangeville resolution re: Request to the Province to Extend the Deadline for Notices of Intention to Designate Listed Heritage Properties

Dear Minister McGregor,

The Council of the Corporation of the Town of Orangeville requests your consideration and support for the following resolution that was passed at the May 25, 2026 meeting of the Council of the Town of Orangeville.

Resolution Number: 2026-193

Moved by Councillor Sherwood

Seconded by Councillor Macintosh

Whereas amendments to the Ontario Heritage Act under the More Homes Built Faster Act, 2022 introduced timelines requiring municipalities to issue Notices of Intention to Designate for properties listed on municipal heritage registers as of December 31, 2022, originally requiring action by January 1, 2025; and

Whereas the Province subsequently amended the legislation through the *Home-owner Protection Act, 2024* to extend the deadline to January 1, 2027 in response to concerns raised by municipalities and heritage stakeholders; and

Whereas municipalities require sufficient time and resources to undertake research, documentation, consultation, and evaluation to determine whether listed properties warrant designation under the Ontario Heritage Act; and

Whereas the removal of listed properties from municipal heritage registers if the prescribed timelines are not met may place cultural heritage resources at increased risk of demolition or irreversible alteration before municipalities have the opportunity to properly evaluate their cultural heritage value or interest; and

Whereas the Heritage Orangeville Committee comprises of a handful of dedicated volunteers who are not able to review the current non-designated register containing 454 properties on or before the deadline of January 1, 2027; and

Whereas many municipalities, including the Town of Orangeville, do not have dedicated heritage planning staff and must rely on volunteer Heritage committee members or external heritage consultants to undertake the evaluations, which can result in additional financial and administrative pressures; and

Whereas Heritage Orangeville Committee, heritage consultants or staff members would need to review the municipal heritage register, research the heritage value and interest of listed non-designated properties, contact owners of such properties, determine which properties should potentially be designated in accordance with the provisions of Section 29 of the Ontario Heritage Act, and take all required steps to designate such properties; and

Whereas the above noted work involving 454 listed properties in the Town of Orangeville is extremely time-consuming and cannot be completed by January 1, 2027 with the current resources available given other competing interests including reviewing and supporting new housing development proposals; and

Whereas municipalities across Ontario are facing significant workloads associated with evaluating listed properties; and

Whereas the Heritage Orangeville Committee, at its meeting of March 19, 2026, discussed and supported advocating to the Province of Ontario for a further extension to the current deadline;

Now therefore be it resolved that The Council of the Town of Orangeville respectfully request that the Province of Ontario further amend the Ontario Heritage Act to extend the January 1, 2027 deadline to January 1, 2030, or another reasonable timeframe for issuing Notices of Intention to Designate for properties listed on the municipal heritage non-designated register; and

That the Town Clerk be directed to send a copy of this motion to the Minister of Citizenship and Multiculturalism, the Minister of Municipal Affairs and Housing, the local Member of Provincial Parliament, the Association of Municipalities of Ontario, Municipal Councils across the province, and the Ontario Municipal Heritage Committee Association.

Please be advised that at the Township of Larder Lake's Regular Council Meeting held on Tuesday, May 26th, 2026, the following resolution of support was adopted:

Resolution #15, May 26th, 2026
Moved by: Councillor Hull
Seconded by: Councillor Kelly

Carried

BE IT RESOLVED THAT the Council of the Corporation of the Township of Larder Lake supports the resolution from the Federation of Northern Ontario Municipalities (FONOM) regarding the Establishment of a Northern Ontario Policing Grant

WHEREAS Municipalities across Northern Ontario face disproportionately high policing costs due to low population densities, geographic isolation, and limited municipal tax bases;

AND WHEREAS many Northern communities rely on the Ontario Provincial Police (OPP) for policing services, while others operate municipal police services that are also experiencing significant cost pressures;

AND WHEREAS recent increases in policing costs have placed unsustainable pressure on municipal budgets, forcing communities to make difficult decisions between maintaining public safety and funding essential municipal services such as infrastructure, roads, water systems, and recreation facilities;

AND WHEREAS Northern Ontario municipalities provide essential services across a vast geographic region while supporting key sectors of Ontario's economy, including mining, forestry, transportation, and energy;

AND WHEREAS municipalities require predictable and equitable provincial support to ensure policing costs remain sustainable and communities remain safe;

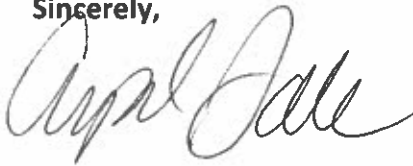

NOW THEREFORE BE IT RESOLVED THAT the Federation of Northern Ontario Municipalities call on the Government of Ontario to establish a \$100 million Northern Ontario Policing Grant, phased in over three years, to support the 157 municipalities across Northern Ontario served by both the Ontario Provincial Police and municipal police services;

AND THAT the grant include a base funding allocation for all municipalities, with additional funding distributed based on population to ensure equitable support across communities of varying sizes;

AND THAT the Province work collaboratively with Northern municipal leaders, including FONOM and NOMA, to design and implement a sustainable funding framework that recognizes the unique economic and geographic realities of Northern Ontario.

BE IT FURTHER RESOLVED THAT a copy of this resolution be forwarded to the Premier of Ontario, the Minister of the Solicitor General, the Minister of Finance, the Minister of Northern Economic Development and Growth, the Association of Municipalities of Ontario (AMO), the Northwestern Ontario Municipal Association (NOMA), and all Northern Ontario Municipalities.
